

# APPROVED: Aqua-Swirl® Full Trash Capture Device receives approval from CA State Water Resources Control Board

AquaShield™ and Prinsco are proud to announce the approval of the Aqua-Swirl® by the CA SWRCB for projects requiring full trash capture. Aqua-Swirl® is a hydrodynamic separation device and is part of a full line of stormwater treatment products engineered to meet the growing need for filtration and pollutant removal from stormwater runoff.

*Aqua-Swirl® captures and retains floatable materials.*

## AQUA-SWIRL® SIZING (CERTIFIED TRASH CAPTURE DEVICE)

Aqua-Swirl® Model	Trash Capture Treatment Capacity (cfs)
AS-2s	1.1
AS-3s	2.1
